PREFACE

Population United States Census 1910.....15,895

GREENSBORO, GUILFORD COUNTY, NORTH CAROLINA, in population is certainly second, if not first, in the State.

Greensboro is two miles square and fully one-third of its inhabitants live outside the corporate limits.

In May, 1913, a police census showed 19,246 inhabitants within the limits, three-year increase 3,351 or 21 per cent—equivalent to 70 per cent. increase in ten years.

At this rate of increase Greensboro has more than 23,000 in the city and undoubtedly more than 10,000 immediately outside, served by street cars at five-cent fare.

Many of its finest residence districts are outside the city, in addition to which there are fifteen factories, employing more than 5,000 people, also outside.

Greensboro is located on the main line of the Southern railway, 288 miles south of Washington and 361 miles north of Atlanta. Railroads radiate in six directions, making it a splendid distribution point. This fact doubtless accounts in part for the fact that several hundred traveling salesmen, estimated by some as 800, make their headquarters here; and the further fact that so many diversified factories and jobbing houses are located here. This also doubtless accounts for the fact that it is frequently referred to as the "Gate City."

Greensboro is a delightful home city, splendid people, glorious all-the-year climate, its extremes of heat and cold would be called "mild" in most other cities, churches and schools that compare favorably with other cities of its class, while within a radius of twenty-five miles are located a number of the South's best known time tried preparatory schools.

Greensboro is governed by a commission of three men, who devote their entire time to the work; city owns its

water works; a garbage disposal plant; many miles of splendid paved streets; an opera house seating 1,250; and market house devoted exclusively to the sale of meats. For sanitary reasons all meats are sold from two markets, in which many dealers have stalls which are under constant city inspection and supervision.

The country surrounding Greensboro is a delight to the eye, and 150 miles of improved roads leading from Greensboro in every direction afford autoists a great choice of splendid roads and an ever-changing panorama of pleasing scenery.

One of the most delightful trips to be found anywhere is the fifteen-mile drive over concrete-asphalt road, no finer in the country, to High Point, our splendid sister city, located in Guilford County, larger by far than any second city in any county in the State and larger than the largest city in more than ninety counties in the State.

City Directory Don'ts

DON'T put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

DON'T think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your Directory.

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date city must have a Directory and a merchant that has no DIRECTORY is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Wilmington City Directory.

The Greensboro Daily News

Offers the citizens of Greensboro and of the State of North Carolina an excellent paper from the news-gathering standpoint, and guaranteed circulation from the advertiser's standpoint.

The most liberal patronage of its advertising columns proves that results are obtained for advertisers. The fair and independent editorial policy has placed the Daily News among the foremost North Carolina papers.

In Greensboro, High Point and Guilford county combined the Daily News has more circulation than any other two papers of the county combined, and as much as any other three papers published in Guilford county combined. The Daily News offers the lowest advertising rate per thousand circulation.
